RESPONSE TO NOTIFICATION OF DEFECTIVE RESPONSE

Dear Sir:

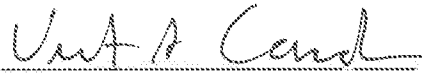

This paper is filed in response to the Notification of Defective Response mailed on August 14, 2007, in connection with the above-identified U.S. patent application. The one-month period for response expires on September 14, 2007. Accordingly, this response is timely filed. The Commissioner is authorized to charge U.S. Deposit Account No. 08-1935 for any deficiency relative to the filing of this response.

The translation of the application into English was allegedly defective as originally filed because the number of claims in the International Application as originally filed, and the number of claims in the translation was not the same. The claims from the Amendments as filed under Chapter II were translated, absent those of the application originally filed.

Attached herewith is an updated Translation of the application into English, including the original claims as filed in International Application No. PCT/DE05/00268 and the amended pages including the claims as amended during the international stage.

If a telephone conference would be of assistance in advancing prosecution of the subject application, the Examiner is invited to telephone the undersigned attorney at the telephone number provided.

Respectfully submitted,

Victor A. Cardona, Esq.
